

OVERVIEW

ELOGS FACILITIES SERVICES OVERVIEW

 elogs Facilities Services

What is Fabric Maintenance?

Fabric maintenance refers to maintaining the structural features, or 'fabric', of a building. This could include anything from fixing a broken tap, repairing a roof to mending windows, and replacing doors.

What is Elogs Facilities Services?

Elogs Facilities Services is backed by the Elogs CAFM+ Service Desk, ensuring that your fabric maintenance requirements are managed efficiently, cost effectively, and to the highest quality.

We have unrivalled experience in helping organisations ensure they are safe and compliant with all things related to fabric works.

What does Elogs Facilities Services cover?

Carpentry	Handyman	Locksmith	Carpets/Flooring	Ceilings

Window Cleaning	Graffiti Removal	Jet Washing	Access Control	CCTV
Barriers	Bollards	Intruder System	Roller Shutters	Electrical
PAT Testing	Extinguishers	Waste	Lighting	Plumbing

What is the Process of Elogs Facilities Services?

After a job is raised, the Facilities Manager can easily authorise the works by approving the request and assigning Elogs Facilities Services as the service provider.

Our supply chain is made up of approved contractors who serve all areas across the UK; we approve all our contractors using our [Prosure360 system](#), as a part of the Marlowe SRC Integrations feature.

Elogs Facilities Services undertakes quality audits to ensure our supply chain are achieving consistently high standards of work and meeting KPI's/SLA's; we use a 33-point audit process to ensure quality and compliance across both live and retrospective onsite audits.

Why is Elogs Facilities Services Needed?

Elogs Facilities Services will enable you to save time because you won't need to find a reliable contractor or constantly raise invoices and oversee payments.

Best of all, this effective system will mean you'll have reduced risk of accident, poor workmanship, and reputational damage.

Facilities Services can be a powerful tool on its own because we take responsibility for the operational management of your fabric maintenance requirements, so you can:

- Maximise efficiency.
- Improve employee utilisation.
- Take control of your workday.
- Reduce the administrative burden involved in fabric maintenance.
- Enhance relationships with supply chain.

However, when Facilities Services is coupled with our CAFM+ Service Desk, you'll get all those benefits, plus:

- Complete visibility of job status.
- Workflow in real time.
- 24/7 support from our service desk to ensure nothing gets dropped.

Whether you choose to use Facilities Services as a standalone product or pair it with our CAFM system, you'll be able to keep the management of your fabric maintenance simple.
